

09/09/03 FOR IMMEDIATE RELEASE::

John Morton® reluctantly returns to Cle to perform with his new band,

THE NEW FAG MOTHERFUCKERS

Saturday September 27 at the Beachland Ballroom.

Where were you when you first heard the *electric eels* single "Agitated" ????
Legendary ('legendary' being another word for 'old' guys that are still alive) proto-
proto-punkster, **John 'Broken Hand' Morton®**, is still reaming out assholes with

THE NEW FAG MOTHERFUCKERS (For sissies and family style media try
'The New Gay MotherFletchers'). Inspired by guitar heavy bands like the Yardbirds
and Fleetwood Mac (when they were good!) **The MotherFuckers** deliver high energy
shockmento punk in a great live show . . . WOW!!

THE NEW FAG MOTHERFUCKERS ARE:

Searing & fearful junkoid leader **John 'Broken Hand' Morton®** playing *blistering & terrifying* lead
guitar. In the lurid year of 1972 whilst dwelling in the abyss of Cleveland, Ohio, John® gifted the
world by forming the proto-proto-*proto punk electric eels* followed in 1978 by '*X blank X*,' and
'*Johnny & the Dicks*,' and followed followed by a lot of beer and old granddad bonded/heroin/very
reluctant sobriety . . . and in 1996, '*Amoeba (raft boy)*'.

Christian 'Party City' Brown playing: vocal stylings. It is Mr. Brown that puts the 'Fag' in '*The
New Fag MotherFuckers*.' He (Mr. Brown) is late of *Amoeba (raft boy)* and *might* like Tom Waits.

'**Switch' Napolitano** (sorry girls! He's *already* married!!) on swashbuckling guitar (. . . ok he
plays guitar leads too) nee of '*Barbie Complex*,' '*Vitamin Semen*,' & '*Black Jesus Death Threat*':
Switch (prefers Michael) stridently posits that Travolta in '*Grease*' was extremely credible.

Andy Fish Bass Supreme. Currently & simultaneously appearing in the unspeakably way-
fantabulous '*KarWreck*.' Andy is the *only* person in the *Fag MotherFuckers* that *does not* have a
nick name. Unactive (as the band has broken up) member: '*Mozart's Grave*.'

'**Sweet Albino Red' Ross**: Drumbo. Albino is also currently seeing the bands '*Mimi Ferocious*'
and '*Gladshot*' & played he on the Lilith Tour with the band, '*Jabber*.' Likes carrots.

Patrick 'Scrambles' Downey, whom being the last to join was summarily relegated to
motherfucking strumpering rhythm guitar. Scrambles spent 80-81 in '*adipose fin*.' the Minneapolis
chart makers. From then until he found his home with The MotherFuckers, Scrambles hunted and
gathered around NY with various music projects.
